Subject: Request for tenders: **Pacific Climate Change Portal (PCCP) and Climate Change Portal Starter-pack (CCPS) Upgrade Systems Design**

Question 1:

I would like to enquire if due to covid-19 you would consider doing this digitally with a team well versed in this type of delivery? If so, I would like to confirm that you will consider international bidders providing they work in your time zone or if there is a marking criteria rating for local suppliers?

Response:

Bids are open to all (international or local). Work can be carried out remotely – refer ToR:

Work Arrangements

This work is expected to be delivered remotely in close consultation with SPREP. No travel expected.
