Subject: Request for tenders: Consultant – Event Coordinator – 3rd Clean Pacific Roundtable - READVERTISEMENT

1. Background

- 1.1. The Secretariat of the Pacific Regional Environment Programme (SPREP) is an intergovernmental organization charged with promoting cooperation among Pacific islands countries and territories to protect and improve their environment and ensure sustainable development.
- 1.2. SPREP approaches the environmental challenges faced by the Pacific guided by four simple Values. These values guide all aspects of our work:
 - We value the Environment
 - We value our People
 - We value high quality and targeted Service Delivery
 - We value Integrity
- 1.3. For more information, see: www.sprep.org.
- 1.4. The Pacific Regional Waste and Pollution Management Strategy 2016-2025 (Cleaner Pacific 2025) highlighted the need to promote best practices through regional exchanges and national cooperation to achieve the strategic goals towards a cleaner Pacific environment. In order to initiate regional and national cooperation, a Clean Pacific Roundtable (CPRT) was identified as a major activity to be organized to enable the monitoring and progress reporting against the Cleaner Pacific 2025, facilitate networking and dialogue, explore additional resources and investment opportunities, and improve donor coordination.

The 2021 CPRT will provide a vehicle to disseminate outcomes, promote regional collaboration and resource complementarity, and expand networking opportunities to assist Pacific island countries and territories in the delivery of safe and sustainable waste management practices and to prevent pollution-related issues that impact the health of the ocean and communities within the region.

2. Specifications: statement of requirement

- 2.1. SPREP would like to call for tenders from qualified and experienced consultants who can offer their services on a full or part-time basis to provide technical, administrative and coordination support to SPREP as the Secretariat of the 2021 Clean Pacific Roundtable
